

The Importance of Fluency with Times Tables

Dear parents,

As expectations have been raised for maths achievement, it has become even more important that children are fluent with times tables facts and their inverse division facts. The National Curriculum states that all children should be fluent with times tables facts and inverse division facts, up to 12×12 , by the end of Year 4.

Practice is an essential part of fluency. To help practice the core facts, but keep it fun and engaging, Hit the Button is a well-loved game children may like to play at home. It is available for free through this link: <http://www.topmarks.co.uk/maths-games/hit-the-button>.

Hit the Button is now available as an app! Download on the App Store GET IT ON Google play

Hit the Button

Number Bonds, Doubles, Halves, Times Tables, Division Facts, Square Numbers

Menu 7×7

7, 28, 14, 21, 56, 35, 42, 49, 77, 84, 63, 70

Times Tables up to 12 Hit the Answer $7 \times$ Table Timer: 0:56 Score: 0/0

Hit the Button is now available as an app! Download on the App Store GET IT ON Google play

Menu 21

1×7 , 2×7 , 3×7 , 4×7 , 5×7 , 6×7 , 7×7 , 8×7 , 9×7 , 10×7 , 11×7 , 12×7

Times Tables up to 12 Hit the Question $7 \times$ Table Timer: 0:57 Score: 0/0

Hit the Button is now available as an app! Download on the App Store GET IT ON Google play

Menu $21 \div 7$

1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12

Division Facts up to 12 Hit the Answer $\div 7$ Timer: 0:56 Score: 0/0

Hit the Button is a great, free, game to practice multiplication facts, working backwards from answers to questions and inverse division facts.

Thank you for your continued support,

The Cippenham Primary Maths Team
